### Part B

解答例

My soccer ball is something that is important to me. There are two reasons why.

First, my soccer ball is cool because it has my favorite team's colors. It makes me feel excited. I'm a good soccer player. I can kick and shoot my soccer ball very far.

Second, I have many memories with my soccer ball. I got it as a present from my mother when I was three years old. The ball is very old, but I still use it. I take it to the park and play soccer with my friends every week.

That is why my soccer ball is something that is important to me.
